

Refratechnik Asia Limited appoints new managing director

Hong Kong, 1. Januar 2026

Refratechnik Asia announces that Mr Andrew Ollier took over the position as managing director on July 1st, 2025. Hereby, he succeeds Mr Christof Kilb. In his function for the Asia Region, Mr Ollier is responsible for the areas of Sales and Marketing as well as Research and Development.

Andrew Ollier is a trained metallurgy engineer and comes with extensive management and sales experience in the cement and steel industries. His career with Refratechnik started in Hong Kong as Technical Sales Manager for Refratechnik Asia. Subsequently, he moved to Refratechnik Cement, where he acted as Area Sales Manager and Key Account Manager. Thanks to these many years of experience within our Group, he brings founded know-how of markets and customers as well as technical expertise into his new role.

Simultaneously, we thank Mr Christof Kilb for his many years of commitment and his significant contribution to the build-up and successful development of Refratechnik Asia as an important part of our Group.
